JTEX TRENDS selected by NIF+TDA

Directed by TDA President Fumio Konno, NIF and TDA teamed up and proposed Japanese lifestyle trends for the first time as JAPANTEK, sending Japanese trends to Asia and the world.

Having analyzed past and current trends in Japan and Europe, the team created a group of unique base colors consisting of accent colors and neutral colors. They then set 6 design tastes from the base colors: Simple Modern, Soft Casual Modern, Casual Modern, Folklore Modern, Natural Elegance Modern, and Retro Natural Modern. Not only trends of textile colors, the team also focused on the trends of comprehensive colors of the space including floor materials, furniture and everyday sundries, therefore, the lifestyle trends. In the exhibition, they displayed 2 opposite images, Casual Modern and Natural Elegance Modern, from the 6 design tastes.
